POLICY

1. School profile

Undera Primary School is a small country school with a proud history for serving the local community since 1876. Our school offers a friendly and supportive learning environment for

all students, with caring staff who respect the individual needs of every student. Education is valued as a partnership between school and home, with parents always welcome and encouraged to participate in all school learning and activities.

Undera Primary School focuses on developing students socially, emotionally, and academically. Through implementing the School Wide Positive Behaviour System approach students learn and develop social competencies, respect, positive attitudes and behaviours. They learn how to build healthy relationships, resilience and confidence.

The school's teaching and learning program is based on the Victorian Curriculum, with a particular focus on integrating the skills of literacy and numeracy throughout all curriculum areas. Technology is used to support teaching and learning, with all students having access to laptops and ipads.

Specialist programs include Art, Library, STEM, Music, Wellbeing and Physical Education. Undercover areas enable students to participate in outdoor activities during all seasons.

Our school's vision is for all students to be independent, self-motivated learners with a love and curiosity for learning and to face challenges with courage to achieve life-long success.

We believe that behaviour is learned and strengthened through positive teacher relationships and requires ongoing teaching, encouragement and correction. It requires the engagement of the larger whole school community and systematic approaches.

3. Wellbeing and engagement strategies
